Announcement

IN presenting to the Shorthorn breeders for their approval and purchase, this, our Third Annual offering at public sale from our herd of selected cattle, we are gratified to know that this consignment is superior in character and finish to any offering which we have previously placed before you.

From a careful study of the pedigrees tabulated in this catalogue, together with the portraits accompanying many of them, our fellow breeders will appreciate the force of the above assertion.

Knowing, that to make an offering of a kind which will appeal to men who have made a careful study of blood lines and breed character, that we must place in this consignment many individuals which we would otherwise retain for the upbuilding of our own herd, we have catalogued many animals that will strongly appeal to the discriminating buyer, and which will be a credit to the herd to which they will go, no matter where located.

Land values are advancing rapidly but no man can make a better investment nor one that will give him greater returns than to buy a few head of this offering.

ECONOMY STOCK FARM

Cows well along in calf, and cows with calves at foot, show evidence of breeding, and no further guarantee is given. All other cows and heifers that have been bred shall prove to be in calf or get in calf, but if they do not, after a reasonable trial, they may be returned in as good condition as when bought, and another animal of equal value will be given in exchange, purchaser paying freight. Bulls guaranteed under same terms, if not allowed to run with herd. The open heifers shall prove breeders, or be returned. All open heifers sold with privilege of leaving them to be delivered safe in calf to our bull, at the option of purchaser.
